The intent of this Article is as follows:

- To ensure that land, parcels, and lots are appropriately subdivided so that their use and development complies with all applicable requirements of this Code;

6. Accessory structures for all building types; or

**C. Compliance and Violations:** Zoning permits issued on the basis of dimensional plans approved by the Administrator authorize only the use, arrangement, and construction set forth in such approved plans and applications. Use, arrangement, or construction which differ from that authorized by the zoning permit shall be deemed a violation of this Code and shall be subject to penalties per Article 17.

**D. Certificate of Occupancy:**

## 15.6 Additional Procedures for Minor & Major Subdivisions & Planned Residential Developments (PRD's)

### A. Preliminary Plats

1. **Notice to Proceed with Construction Activity:** Only after receiving Preliminary Plat approval for a Minor or Major Subdivision or Planned Residential Development (PRD) as prescribed by this Article and other written approval and necessary permits from the appropriate regulating agencies, shall the developer begin grading, soil erosion, and infrastructure construction for the development.
2. **Approval Duration:** Approved Preliminary Plats are valid for one (1) year from the date of approval by the Town of Fletcher. Reasonable and necessary extensions may be granted at the Administrator's sole discretion if a written request by the developer is made to the Administrator forty-five (45) days prior to the one (1) year anniversary of Preliminary Plat approval. Upon expiration of approval prior to final plat approval and recordation, a new application for subdivision will be required in accordance with the process before development can recommence.
3. **Multiple Phases Not Approved:** Approval of a preliminary plat constituting an individual phase of a multi-phase project, which has not been entirely approved, does not constitute approval by the Town of any remaining phases. For approved Preliminary Plats consisting of multiple phases, only the phase that is to be developed for sale immediately shall be submitted for Final Plat approval.
4. **Infrastructure Required within One Year:** All required infrastructure improvements for the preliminary plat shall be in place within 1 year of approval of the preliminary plat unless the improvement has been guaranteed in accordance with Section 12.8. If circumstances beyond the control of the developer do not allow for the commencement of the required work within the 1 year period or the size of the phase is such that one (1) year is insufficient time to commence all required work, then the developer may file a written request for an extension with Administrator no later than forty-five (45) days prior to the one (1) year anniversary of zoning permit approval by the Town as provided above. If infrastructure work is not commenced within one (1) year and/or no extension request is filed with Administrator and approved, zoning permit approval becomes null and void on the day of the one (1) year anniversary and a new application will be required.

### B. Final Plats

1. **Review Period:** The developer shall initiate the final subdivision plat approval process by submitting the Final Plat and copies of any required surety or improvement guarantees (as specified in Section 12.8) to the Administrator or other departments as required. The Administrator or designee will then have forty-five (45) calendar days to approve or deny the Final Plat. During the review period, the Administrator will confirm the accuracy of the Final Plat. If substantial errors are found, including inconsistencies with the approved preliminary plat, the plat shall not be approved and the review period suspended

until the applicant has corrected such errors. A list of the needed corrections shall be provided to the applicant. Any conditions placed by the Town on the approval of the Final Plat shall be addressed by the developer within forty-five (45) days. Failure of the developer to meet the forty-five (45)-day response period shall cause the conditional approval of the Town to be null and void. Once complete, the Final Plat shall be approved or denied by the Administrator within thirty (30) calendar days of the date of final completed submission.

2. **Improvements Required:** The Final Plat shall constitute all portions of the approved preliminary plat. No Final Plat shall be approved unless and until the developer has installed in that area all improvements required by this Code or has posted any required improvement guarantees approved by the Town Council and prescribed by this Code in Section 12.8.
3. **Plats to be Recorded:** Approved Final Plats must be filed by the applicant for recording with the Register of Deeds of Henderson County within thirty (30) days of the date of approval by the Administrator; otherwise, such approval shall be null and void. After recordation, the developer shall provide three (3) copies of the registered plat to the Town for distribution to the various state and local government agencies and public utilities along with one (1) certified mylar copy for permanent file in the Planning Department.

C. **Resubdivision Procedures:** For any replatting or resubdivision of land, the same procedures, rules, and regulations shall apply as prescribed herein for an original subdivision. Resubdivision of lots on already approved and recorded plats can occur subject to the following requirements:

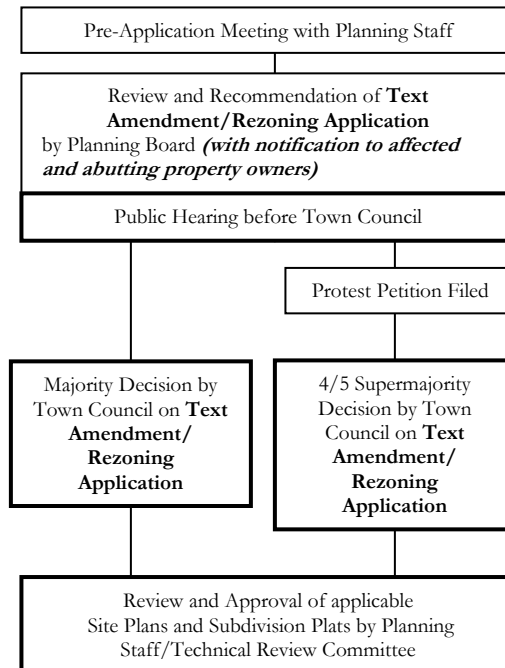

1. No lot or tract of land shall be created or sold that is smaller than the minimum size as required by this Code for the District in which the subdivision is located.
2. Drainage, easements, or rights-of-way shall not be changed unless the final plat is otherwise amended.
3. Street alignment and block sizes shall not be changed unless the final plat is otherwise amended.
4. The property line between the back of lots shall not be changed to cause the rear setback of any lot to become non-conforming.
5. The rear portion of lots shall not be subdivided from the front part except for lots with frontage on two streets (double frontage lots).
6. The character of the area shall be maintained.

**15.7 Text Amendments and Rezoning (Map Amendments)**

- A. Purpose:** The purpose of this Section is to establish uniform procedures for amending the text of the Land Development Code and the zoning classification of land as shown on the Official Zoning Map.
- B. Application Required:** An amendment to the Official Zoning Map or to the text of this Code may be initiated by the Town Council, the Planning Board, the Planning Department, or any private citizen by filing an application with the Administrator.

- a. The Planning Board shall make a recommendation regarding the submitted petition within forty-five (45) days from the date they first review the application. The Planning Board shall notify all affected property owner and abutting property owner of the time and place of the meeting at which the matter will be discussed. The Planning Board may continue a rezoning request for up to two (2) months provided the reason for the continuance is stated in motion. A continuance for a greater period of time is permitted, provided it is mutually agreed upon by all concerned parties. Upon failure of the Planning Board to act on a request immediately following all proper continuances, or if no action is taken, the petitioner may take the rezoning application to the Town Council without a recommendation from the Planning Board. The Planning Board shall consider the Comprehensive Plan when making a recommendation and shall indicate in their findings whether the application complies with the Plan. All recommendations shall be by majority vote.
- b. A recommendation concerning the petition for rezoning shall be as follows:
  - (1) Grant the rezoning as requested; or

  - (3) Rejection of the Amendment.

- 3. Public Hearing:** Upon a recommendation of an amendment, the Administrator shall schedule the application for a public hearing before the Town Council. The Administrator shall present the application with the recommendations of the Planning Board to the Town Council.

4. **Town Council's Decision:** Once the public hearing has been conducted, the Town Council shall render a decision on the petition. All decisions shall be by simple majority vote unless a valid Protest Petition has been submitted in accordance with Section 15.7.F.
- a. A decision concerning a petition for rezoning shall be as follows:
    - (1) Grant the rezoning as requested, or
    - (2) Grant the rezoning with a reduction in the area requested, or
    - (3) Grant the rezoning to a more restrictive general zoning district, or
    - (4) Grant the rezoning with a combination of 1 and 2 above, or
    - (5) Deny the application.
  - b. A decision concerning the petition to amend the text of this Code shall be as follows:

- a. An application for a rehearing shall be made in the same manner as provided for an original hearing within a period of fifteen (15) days after the date of the Town Council decision.
  - b. Specific information to enable the Town Council to determine whether or not there has been a substantial change in facts, evidence, or conditions in the case, shall be presented.
  - c. A rehearing shall be denied by the Town Council, if, in its judgment, such change in facts, evidence or conditions have not been proven.
  - d. A public hearing shall be required to be held by the Town Council to consider holding such a rehearing. Approval of said consideration shall, however, require an affirmative vote of at least four (4) voting members. In the event that the Town Council finds that a rehearing is warranted, it shall then proceed as in the original hearing except that the application fee shall be waived.
  - e. Upon the denial of an original application, or upon the denial of an application from which a rehearing has been conducted, a similar

application may not be filed for a period of one year after the date of denial of the original application.

- f. The decision of the Town Council shall be subject to review by the Superior Court Division of the General Courts of Justice of the State of North Carolina by proceedings in the nature of certiorari. Any petition for review by the Superior Court shall be duly verified and filed with the Clerk of Superior Court within thirty (30) days after the decision of the Board is filed in the office of the Town Clerk.

**D. Notification Requirements:** For such amendments, a public hearing must first be held by the Town Council. Notification of the public hearing shall be as follows:

1. A notice shall be published in a newspaper having general circulation in the Town once a week, for two (2) successive weeks, the first notice to be published not less than ten (10) days nor more than twenty-five (25) days prior to the date established for the hearing.
2. A prominent sign shall be posted on the subject property(ies) beginning not less than ten (10) days nor more than twenty-five (25) days prior to the date established for the hearing. Such notice shall state the date, time and location of the public hearing, and a phone number to contact during business hours for additional information. The sign shall remain until after the Town Council has rendered its final decision.
3. A notice of a proposed change to the Official Map shall be sent by first class mail by the Administrator to the affected property and to all contiguous property owners. This shall not be required when the zoning reclassification action directly affects more than 50 properties, owned by a total of at least 50 different property owners.

In any case where this section eliminates the first class mail notice required the Town shall publish once a week for four (4) successive calendar weeks in a newspaper having general circulation in the area with a map showing the boundaries of the area affected by the proposed Code or amendment. The map shall not be less than one-half of a newspaper page in size. The notice shall only be effective for property owners who reside in the area of general circulation of the newspaper which publishes the notice. Property owners who reside outside of the newspaper circulation area, according to the address listed on the most recent property tax listing for the affected property, shall be notified by mail pursuant to this section. The person(s) mailing the notices shall certify to the Town Council that fact, and the certificates shall be deemed conclusive in the absence of fraud. In addition to the published notice, the Town shall post one or more prominent signs on or immediately adjacent to the subject property area reasonably calculated to give public notice of the proposed rezoning.

**E. Application Withdrawal**

1. The petitioner may withdraw his application before submission of the public notice to the newspaper announcing the public hearing.

2. After submission of such notice, an application may be withdrawn at the discretion of the Planning Board or Town Council at the public hearing.
3. No more than two (2) withdrawals may occur on the same parcel or portion of land within a one (1) year period.
4. No application shall be filed on the same parcel or portion of land within a one (1) year period after the date of the second withdrawal.

**F. Protest Petitions**

- (1) In case of protest against an amendment, duly signed by the owners of twenty percent (20%) or more of the area of the lots included in such proposed change *or* five percent (5%) of the land included within a 100-foot-wide buffer surrounding the property to be rezoned, (A street right of way is not considered in computing this 100-foot-wide buffer unless the right of way is more than 100 feet wide.), such amendment shall not become effective except by a favorable vote of four-fifths (4/5) super majority of all the members of the Town Council rather than by majority decision. The 20 percent and 5 percent requirement refers to the land area, not the number of owners.
- (2) No protest against any proposed amendment shall be valid or effective unless it is in the form of a written petition actually bearing the signatures of the required number of property owners and stating that the signers do protest the proposed change or amendment. All such petition shall be filed in the office of the Town Clerk for validation at or before 12:00 noon not less than two (2) working days before the date of the Town Council's meeting.

**15.8 Conditional Districts**

**A. Purpose:** The purpose of the Conditional Districts is to provide a procedure for the rezoning of property based upon the recognition that certain types of zoning districts would be inappropriate at particular locations in the absence of special conditions. The Conditional District process allows certain uses to be established in accordance with specific standards, assuring the compatibility of the use with the surrounding properties and the area in general, for each proposed district. This process affords a degree of certainty in land use decisions not possible when rezoning to a general category allowing many different uses.

**B. General Requirements**

1. Conditional District classification shall only be considered upon the request of the owners and/or their representatives of all the property to be included. A Conditional District may not be initiated by the Town Council, the Planning Board, or Town staff.
2. All standards and requirements of the corresponding zoning district shall be met, except to the extent that the conditions imposed are more restrictive than those standards. The Town Council may impose additional reasonable and appropriate conditions or safeguards to serve the purpose and intent of this Section, and to preserve public welfare, and justice. The Master Plan, a site specific Conditional Zoning Plan, is itself a condition of the Conditional District rezoning.
3. Within an approved Conditional District, no use shall be permitted except pursuant to the conditions imposed on the Conditional District in the approval of the rezoning.

**C. Procedures**

1. The processing of a Conditional District shall follow the procedures described in Section 15.7 concerning Rezoning.
2. In addition to the Master Plan, the applicant shall provide the exact land use classifications proposed for the Conditional District. Such use classifications may be selected from any of the uses, whether permitted, by right or conditional, allowed in the general zoning district upon which the Conditional District is based. Uses not otherwise permitted within the general zoning district shall not be permitted within the Conditional District.
3. The Planning Board may recommend and the Town Council may attach reasonable and appropriate conditions including but not limited to the location, nature, hours of operation and extent of the proposed use. The applicant will have a reasonable opportunity to consider and respond to any additional requirements proposed by either the Planning Board or the Town Council prior to final action.
4. Decisions by the Town Council shall be by majority vote, unless a valid Protest Petition in accordance with Section 15.7.F has been filed, in which case, a four-fifths (4/5) supermajority vote shall be required for approval.
5. An Applicant shall submit a Conditional District Application and a Sketch Plan containing all details as outlined in Section 16.2.

Upon approval by the Town Council, the applicant will then submit a Site Plan/Preliminary Plat containing all details as outlined in Section 16.3 for review and final approval by the administrator prior to commencement of any grading or infrastructure work

**D. Substantial Changes:** Any substantial change to a Site Specific Plan shall be reviewed by the Planning Board and approved or denied by the Town Council as an amended Conditional District.

**E. Rescission of Conditional Districts**

1. The applicant must secure a valid building or construction permit(s) within a twelve (12) month period from date of approval of the Conditional District unless otherwise specified.
2. If such project is not complete and a valid building or construction permit is not in place at the end of the twelve (12) month period, the Administrator shall notify the applicant of either such finding. Within sixty (60) days of notification, the Administrator shall make a recommendation concerning the rescission of the conditional district to the Town Council. The Town Council may then rescind the Conditional District, or extend the life of the Conditional District for a specified period of time.

### 15.9 Vested Rights

- A. General Procedures:** Pursuant to G.S.160A-385.1 and notwithstanding any other provision or amendment, a landowner may apply for approval of a Site-Specific Development Plan as defined in the statute that shall entitle said landowner to develop property in accordance with the previously approved plan.

All requests for Vested Rights shall be accompanied by a copy of the approved Site-Specific Development Plan in accordance with the provisions of this Article. A request to extend Vested Rights to a previously approved Site-Specific Development Plan shall be reviewed and approved by the Town Council after notice and public hearing.

- B. Town Council Action:** The Town Council shall determine whether or not to grant or establish a vested right after the review and consideration of the Planning Board. The Town Council may not require the landowner to waive his vested right as a condition of development approval. The Town Council may approve the vested rights for a period greater than two (2) years where it is found that due to (i) the sizing and phasing of the development; or (ii) the level of investment; or (iii) the need for the development; or (iv) economic cycles; or (v) market conditions, building permits for all phases of the development cannot be secured within two years, provided the total period does not exceed five (5) years from the date of plan approval of the site.
- C. Effect of Approval of Vesting:** The effect of the Town Council approving a vested plan shall be to vest such site plan for a period of two (2) years to five (5) years as approved by the Town Council from the date of approval.

A vested right shall confer upon the landowner the right to undertake and complete the development and use of said property under the terms and conditions of the approved site-specific development plan as provided for in this Section. Failure to abide by the terms and conditions placed upon such approval will result in the forfeiture of the previously granted or established vested right.

A vested right, once established shall preclude any zoning action by the Town which would change, alter, impair, prevent, diminish or otherwise delay the development or use of the property in accordance with the approved Site-Specific Development Plan except under the following conditions where such rights are terminated and revoked:

1. The affected landowner provides written consent to the Town of his desire to terminate the vested right; or,
2. The Town determines after having advertised and held a public hearing, that natural or man-made hazards exist on or in the immediate vicinity of the property which pose a serious threat to the public health, safety and welfare if the project were to proceed as indicated in the plan; or,
3. Compensation is made by the Town to the landowner for all costs, expenses, and other losses incurred including, but not limited to, all fees paid in consideration of financing, and all architectural, planning, marketing, legal, and any other consultant's fees incurred after approval together with interest thereon at the legal rate until paid; or,

4. The Town determines, after having advertised and held a public hearing, that the landowner or his representative intentionally supplied inaccurate information or made material misrepresentations which made a difference in the approval by the Town Council of the plan; or,
5. Upon the enactment of a State or Federal law or regulations which precludes development as shown in plan. In such case the Town may, after having advertised and conducted a public hearing, modify the affected provisions upon a finding that this change in State or Federal law has a fundamental effect on the plan.

Once a vested right is granted to a particular plan, nothing in this section shall preclude the Town from conducting subsequent reviews and approvals to ensure compliance with the terms and conditions of the original approval, provided such reviews and approvals are consistent with the original approval.

The establishment of a vested right on a piece of property for a site-specific development plan shall not preclude the Town from establishing and enforcing on the property any additional regulations (adopted during the time the vested right was in effect) which are general in nature and applicable to all property subject to the regulations of this Code.

- D. Establishment of Common Law Vesting Plans:** Previously approved Site-Specific Development Plans shall be reviewed for compliance and consistency and subsequently approved by the Administrator or designee in accordance with the provisions of this Article, providing the proposed Preliminary Plat for the Minor Subdivision does not deviate from, and is subdivided in accordance with the previously approved site specific plan.

Preliminary Plats for Major Subdivisions with previously vested site-specific plans shall be reviewed for compliance and consistency and approved by the Administrator or designee, providing the proposed Preliminary Plat for Major Subdivision does not deviate from, and is subdivided in accordance with the previously approved site specific plan. Substantial financial investment must be determined and a good faith effort made to develop proportionate to the approved statutory vested plan.

- E. Revocation or Expiration of a Vested Right:** The vested right, resulting from the approval of a site-specific development plan, may be revoked by the Town Council if the Town Council determines that the landowner has failed to comply with the terms and conditions of the approval or with any other applicable portion of this Code. As prescribed under the provisions of G.S.160A-385.1, the vested right shall otherwise expire at the end of the approval period established by the Town Council. A building permit issued by the Henderson County Building Inspector pursuant to G.S. 160A-417 may not expire or be revoked because of the running of time on a piece of property while a plan has been approved and the vested right period has not otherwise expired.

### 15.10 Special Use Permits

- G. Purpose:** Upon application, The Town Council (with recommendation from the Planning Board) may grant in particular cases and subject to appropriate conditions and safeguards, permits for special uses as authorized by this ordinance and set forth as special uses under the various use districts.
- B. General Requirements:** A special use permit may be granted by the Fletcher Town Council only after making the following findings:
1. An application for the special use has been submitted as prescribed by this Code.
  2. Approval may be granted if the Town Council finds that, in the particular case in question, the use for which the special use permit is sought will not adversely affect the health or safety of persons residing or working in the neighborhood of the proposed use, and will not be detrimental to the public welfare or injurious to property or public improvements in the neighborhood. In granting such approval, the Town Council may designate such conditions in connection therewith as will, in its opinion, assure that the proposed use will conform to the requirements and spirit of the Code.
  3. Before any special use permit is issued, the Town Council shall make written findings certifying compliance with the specific rules governing the individual special use (Article 3), and that satisfactory provision and arrangement has been made for at least the following where applicable:
    - a. Satisfactory ingress and egress to property and proposed structures thereon, with particular reference to automotive and pedestrian safety and convenience, traffic flow, and control.
    - b. Provision of off-street parking and loading areas where required, with particular attention to the items listed above, and the economic, noise, glare and odor effects of the special use on adjoining properties in the area.
