Help yourself...

- Reduce unwanted clutter in your house.
- Reduce your chances of becoming a victim of identity theft. The National Crime Prevention Council recommends shredding all financial documents, billing statements, pre-approved credit card offers and any other papers containing personal information and identification numbers before discarding them.
- Dispose of unused and outdated medications.

Help the environment...

- Keep mountains of paper out of the landfill.
- Keep chemicals from entering our water supply by disposing of old medications safely rather than flushing them down the drain.

FREE EVENT FOR TOWN OF FLETCHER RESIDENTS.

NO BUSINESS OR COMMERCIAL SHREDDING PERMITTED.

PLEASE BRING MEDICINES IN THEIR ORIGINAL CONTAINERS.
